CONSIDERATIONS

These are plays with a morning line of 7/2, 4/1 or 9/2 which we feel should perform better than their morning line would indicate. These deserve extra consideration, especially if they are overlays.

Although they do not appear on a daily basis, the SWS guidelines for these plays are:

If post time odds are higher than ML: 3 units win, 12 units place, 25 units show.

If post time odds are lower than or equal to ML: 5 units win & 20 units place only.

However, if odds drop to 2/1 or below, we suggest you pass on the race.
